

INVICTUS K600

MUCH MORE ADVANTAGES WITH INVICTUS K600 MT

TECHNICAL DATA

INVICTUS K600 MT

	31x15.50-15 XTC	31x15.50-15 STG	33x15.50-15 XTC
	WITH FIXED RIM	WITH FIXED RIM	WITH FIXED RIM
A Tyre width mm.	394	394	391
B Tyre height mm.	800	800	843
C Wheel track min/max mm.	1100 - 1208	1100 - 1208	1100 - 1208
D Width min/max mm.	1494 - 1602	1494 - 1602	1491 - 1599

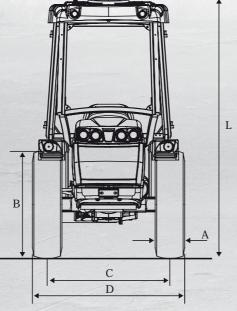

TRACTOR DIMENSIONS INVICTUS K600 MT (mm):

	E	F	G	н	l min/max	L max
VICTUS 600 MT	1150	1390	730	3270	207/266	2106

STEERING RADIUS INVICTUS K600 MT WITH THE FORESEEN WHEELS:

Tyre type	31x15.50-15	33x15.50-15
mm	3250	3250

	INVICTUS K600 MT	
CHASSIS	Swinging integral chassis OS-FRAME with steering wheels	
ENGINE	Kubota	
Model	V 2203 M-DI	
Number of cylinders	4	
Displacement cm3	2197	
Suction	Natural	
Emission level	Tier 3	
Balancing	With counter-rotating balancing weights	
Power KW/HP	35,2 / 48	
lominal speed (rpm)	2800	
1 (1 /	***	
Maximum tractor torque (Nm/rpm)	144,6 / 1700	
Cooling	Water	
Tank capacity (It)	45	
RANSMISSION	Synchronized gearbox: 24 speeds (12 FWD and 12 REV) with synchronized reverser	
Main clutch	Multidisc, in oil bath	
DIFFERENTIAL	Front and rear with simultaneous differential lock and electro-hydraulic control	
XLES	Front and rear, with epicyclic reduction units	
RIVE	Four-wheel drive, permanent	
REAR POWER TAKE-OFF	Independent from gearbox, 540/750 r.p.m. and synchronized with forward speed. Engageable under load with brake in disengaged position.	
PTO clutch	Multidisc, in oil bath	
Engagement control	Electro-hydraulic	
IYDRAULIC SYSTEM	Double circuit with independent pumps	
flow rate to the lift and the distributors (lt/min.)	30,3 (optional oversize pump 33,1 lt)	
low rate to hydraulic pump which controls the hydroguide and electro-hydraulic control (tt/min.)	16,8 (optional oversize pump 22,1 lt and heat exchanger)	
Maximum hydraulic pressure (bar)	180	
DISTRIBUTORS	Mechanical control to max. 5 hydraulic couplers	
Rear (standard)	1 single acting and 1 double acting with float	
Rear (optional)	2 double acting	
ACCUMULATOR FOR WEIGHT COMPENSATION HDR	Standard	
DUAL FLOATING SYSTEM to optimize the load on the ground of the equipment applied to the 3rd point, promoting its 'floating'	Standard	
ELECTRIC SYSTEM	Battery: 70 Ah - Alternator: 70 A	
REAR LIFT	By four external rams	
Three-point hitches	Standard: standard couplers cat. 1 - Optional: quick couplings cat. 1 with arms non-adjustable in length or quick couplings cat L-shaped lift arms, lift rods adjustable in length and hooks adjustable in width	
,	L-shaped int arms, introds adjustable in length and hooks adjustable in width	
·	With manual adjustment	
hree-point tie bar	With manual adjustment	
hree-point tie bar ifting capacity at the end of the arms kg	With manual adjustment 1510	
Three-point tie bar ifting capacity at the end of the arms kg PRIVING UNIT	With manual adjustment 1510 With suspended platform on "Silent-block"	
Three-point tie bar ifting capacity at the end of the arms kg DRIVING UNIT Driving platform	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly	
Three-point tie bar ifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height	
Three-point tie bar ifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts	
Three-point tie bar ifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission	
Three-point tie bar ifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES Parking brake	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission Acting on the service brakes	
Three-point tie bar ifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES Parking brake STEERING	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission	
Three-point tie bar Lifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES Parking brake STEERING SAFETY	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission Acting on the service brakes With hydrostatic steering, acting on the front wheels. Flow deviator for steering unit	
Three-point tie bar ifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES Parking brake STEERING SAFETY	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission Acting on the service brakes With hydrostatic steering, acting on the front wheels. Flow deviator for steering unit By several posts with roof, front and rear windscreen and windscreen wipers, telescopic rear view mirrors and headlights	
Three-point tie bar ifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES Parking brake STEERING SAFETY Semi-cabin (standard)	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission Acting on the service brakes With hydrostatic steering, acting on the front wheels. Flow deviator for steering unit	
Three-point tie bar ifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES STAKING brake STEERING SAFETY SEMI-Cabin (standard) STEERING (optional)	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission Acting on the service brakes With hydrostatic steering, acting on the front wheels. Flow deviator for steering unit By several posts with roof, front and rear windscreen and windscreen wipers, telescopic rear view mirrors and headlights	
Three-point tie bar Lifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES Parking brake STEERING SAFETY Semi-cabin (standard) Cabin (optional) CONSOLE	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission Acting on the service brakes With hydrostatic steering, acting on the front wheels. Flow deviator for steering unit By several posts with roof, front and rear windscreen and windscreen wipers, telescopic rear view mirrors and headlights Sound-proof, mounted on 'Silent-block', heating and ventilation systems. Optional: air conditioning Digital type with reading of rpm, forward speed and rotation speed of power takeoff, water thermometer, warning light for oil pressur	
Three-point tie bar Lifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES Parking brake STEERING SAFETY Semi-cabin (standard) Cabin (optional) CONSOLE TYRES (standard)	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission Acting on the service brakes With hydrostatic steering, acting on the front wheels. Flow deviator for steering unit By several posts with roof, front and rear windscreen and windscreen wipers, telescopic rear view mirrors and headlights Sound-proof, mounted on 'Silent-block', heating and ventilation systems. Optional: air conditioning Digital type with reading of rpm, forward speed and rotation speed of power takeoff, water thermometer, warning light for oil pressurand acoustic alarm	
Three-point tie bar Lifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel BEATS BERVICE BRAKES Parking brake BAFETY Semi-cabin (standard) Cabin (optional) CONSOLE TYRES (standard)	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission Acting on the service brakes With hydrostatic steering, acting on the front wheels. Flow deviator for steering unit By several posts with roof, front and rear windscreen and windscreen wipers, telescopic rear view mirrors and headlights Sound-proof, mounted on 'Silent-block', heating and ventilation systems. Optional: air conditioning Digital type with reading of rpm, forward speed and rotation speed of power takeoff, water thermometer, warning light for oil pressurand acoustic alarm 31x15.50-15 XTC	
Three-point tie bar ifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES Parking brake STEERING SAFETY Semi-cabin (standard) Cabin (optional) CONSOLE CYRES (standard) Diptional COW HOOKS (standard)	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission Acting on the service brakes With hydrostatic steering, acting on the front wheels. Flow deviator for steering unit By several posts with roof, front and rear windscreen and windscreen wipers, telescopic rear view mirrors and headlights Sound-proof, mounted on 'Silent-block', heating and ventilation systems. Optional: air conditioning Digital type with reading of rpm, forward speed and rotation speed of power takeoff, water thermometer, warning light for oil pressurand acoustic alarm 31x15.50-15 XTC 31x15.50-15 STG - 33x15.50-15 XTC	
Three-point tie bar ifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES Parking brake STEERING SAFETY Semi-cabin (standard) Cabin (optional) CONSOLE CYRES (standard) Optional COW HOOKS (standard)	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission Acting on the service brakes With hydrostatic steering, acting on the front wheels. Flow deviator for steering unit By several posts with roof, front and rear windscreen and windscreen wipers, telescopic rear view mirrors and headlights Sound-proof, mounted on 'Silent-block', heating and ventilation systems. Optional: air conditioning Digital type with reading of rpm, forward speed and rotation speed of power takeoff, water thermometer, warning light for oil pressurand acoustic alarm 31x15.50-15 XTC 31x15.50-15 STG - 33x15.50-15 XTC Rear CUNA and front tow hook	
Three-point tie bar Lifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES Parking brake STEERING SAFETY Semi-cabin (standard) Cabin (optional) CONSOLE TYRES (standard) Diptional TOW HOOKS (standard) Diptional NEIGHT OPERATIONAL	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission Acting on the service brakes With hydrostatic steering, acting on the front wheels. Flow deviator for steering unit By several posts with roof, front and rear windscreen and windscreen wipers, telescopic rear view mirrors and headlights Sound-proof, mounted on 'Silent-block', heating and ventilation systems. Optional: air conditioning Digital type with reading of rpm, forward speed and rotation speed of power takeoff, water thermometer, warning light for oil pressu and acoustic alarm 31x15.50-15 XTC 31x15.50-15 STG - 33x15.50-15 XTC Rear CUNA and front tow hook Rear rotating towing hook EC approved, EC approved (Slider type) or rear towing hook CUNA approved (Slider type)	
Three-point tie bar Lifting capacity at the end of the arms kg DRIVING UNIT Driving platform Steering wheel SEATS SERVICE BRAKES Parking brake STEERING SAFETY Semi-cabin (standard) Cabin (optional) CONSOLE TYRES (standard) Dotional Dotional	With manual adjustment 1510 With suspended platform on "Silent-block" Reversible with rotating platform and twin pedal assembly Adjustable in height Sprung seat with safety belts Oil immersed multidisc, acting on the rear transmission Acting on the service brakes With hydrostatic steering, acting on the front wheels. Flow deviator for steering unit By several posts with roof, front and rear windscreen and windscreen wipers, telescopic rear view mirrors and headlights Sound-proof, mounted on 'Silent-block', heating and ventilation systems. Optional: air conditioning Digital type with reading of rpm, forward speed and rotation speed of power takeoff, water thermometer, warning light for oil pressur and acoustic alarm 31x15.50-15 XTC 31x15.50-15 STG - 33x15.50-15 XTC Rear CUNA and front tow hook	

THE SERVICES

SPARE PARTS

A complete range of original spare parts, guaranteed directly by the manufacturer.

ASSISTANCE

A team of specialists, well prepared and available to assure an efficient and resolving service.

WARRANTY

A precise certainty for the customer's satisfaction: 2-year warranty included in the price.

LUBRICANTS

We recommends to use the original PowerLube lubricants.
